# KNÜRR® COMMAND TABLES FOR CRISIS ROOMS

95 to 100

## Knürr® Command tables for crisis rooms

- Individually extendable monitor units with electric motors, also available with integrated keyboard drawers.
- Large-volume integrated technical base unit with lockable doors for optimum accessibility.
- Fully pre-installed cabling system for safe power distribution.
- With configurable socket modules.
- Design adapted to the control centre.
- Can be adapted to specific projects.

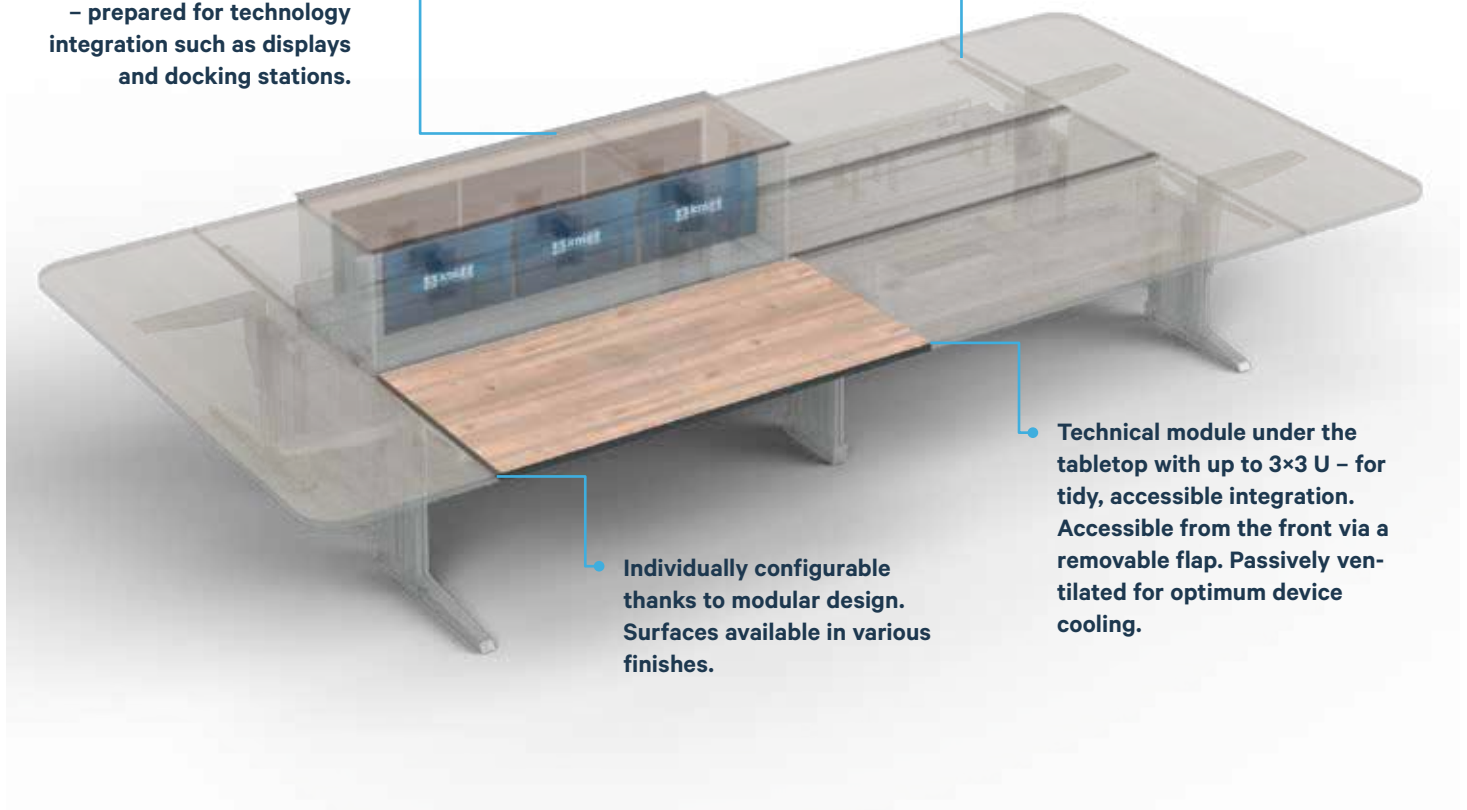

W	D	Version	Order-no.	UP
4000	2400	Knürr® Command tables for crisis rooms	04.267.000.x	1 unit

Central elements in fixed or motorised adjustable designs – prepared for technology integration such as displays and docking stations.

Available with front attachments or straight ends – suitable for any room layout and requirement.

Individually configurable thanks to modular design. Surfaces available in various finishes.

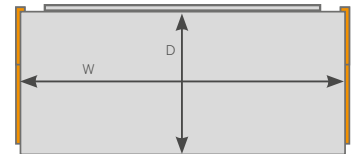

Technical module under the tabletop with up to 3×3 U – for tidy, accessible integration. Accessible from the front via a removable flap. Passively ventilated for optimum device cooling.

## Knürr Elicon® LT working levels

- Height adjustable in 20 mm increments from 720–760 mm.
- Only to be used in combination with Elicon LT side panels.
- **Loading capacity**
  - 1200N (static surface load)
- **Material / Finish**
  - Tabletop: Three-layer chipboard FP / Y E1, fire protection class B2.
  - Tabletop covering: High-pressure laminate (HPL).
  - Edging: ABS.
  - Cantilever, cable tray, powder-coated.
- **Color combination**
  - Tabletop:
    - .A RAL7035 light grey or
    - .B Nelson Oak wood decor
  - Edge banding: Black grey.
  - Metal parts:
    - RAL9006 white aluminium.
- **Supply schedule**
  - 1 working level KVM technology module and 19" profiles
- **How supplied**
  - Pre-assembled, flat packed
